Dear Mr Yves-François Blanchet:

Millions of Ukrainians were enslaved or murdered by the Nazis during the Second World War.

No reference to Ukrainians as victims of the Nazi occupation of Ukraine is included at the National Holocaust Monument in Ottawa.

We are writing to inquire if the Bloc Québécois will support the installation of a trilingual plaque at Canada's National Holocaust Monument specifically hallowing the memory of the millions of Ukrainians enslaved or murdered by the Nazis.

Please reply to the undersigned on or before 8 May 2019.

Thank you.

Yours truly,

Roman Zakaluzny, Chairman
